

March 2019 Issue

## Global Tech Giant and Holistic IT at Show

We were delighted to attend the Doncaster Business Showcase 2019 for the first time this year. We were lucky enough to be joined by our vendor partner Fujitsu for the show. We met so many fantastic local businesses who we were able to talk to about their plans and projects and potentially how we can support them. The show was a great success and our thanks go out to the team at We Are Doncaster for organising such a great event. We have a fantastic business community here in Doncaster which Holistic IT are very proud to be part of.

We are pleased to continue for the month of March our special Doncaster Business Showcase Offer!!
